EMPAQUETADORA

Combine: Batch

	Target Quantity
From Input Port 2	5

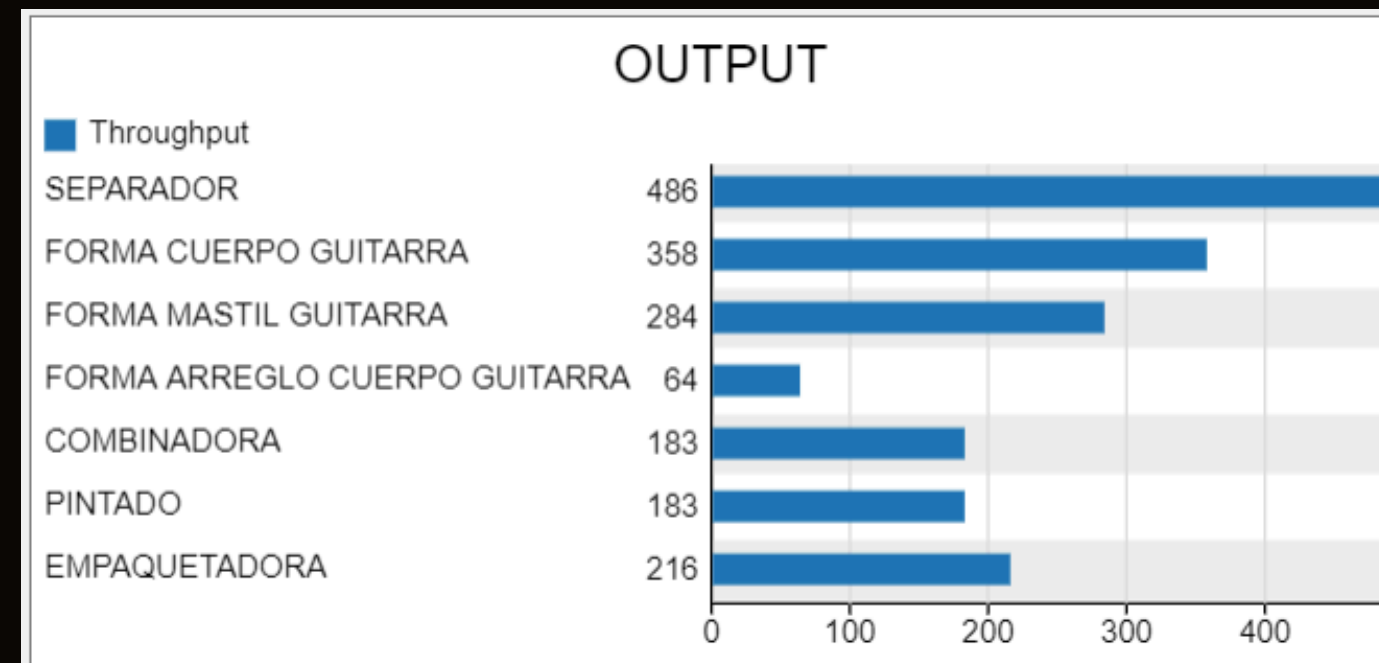

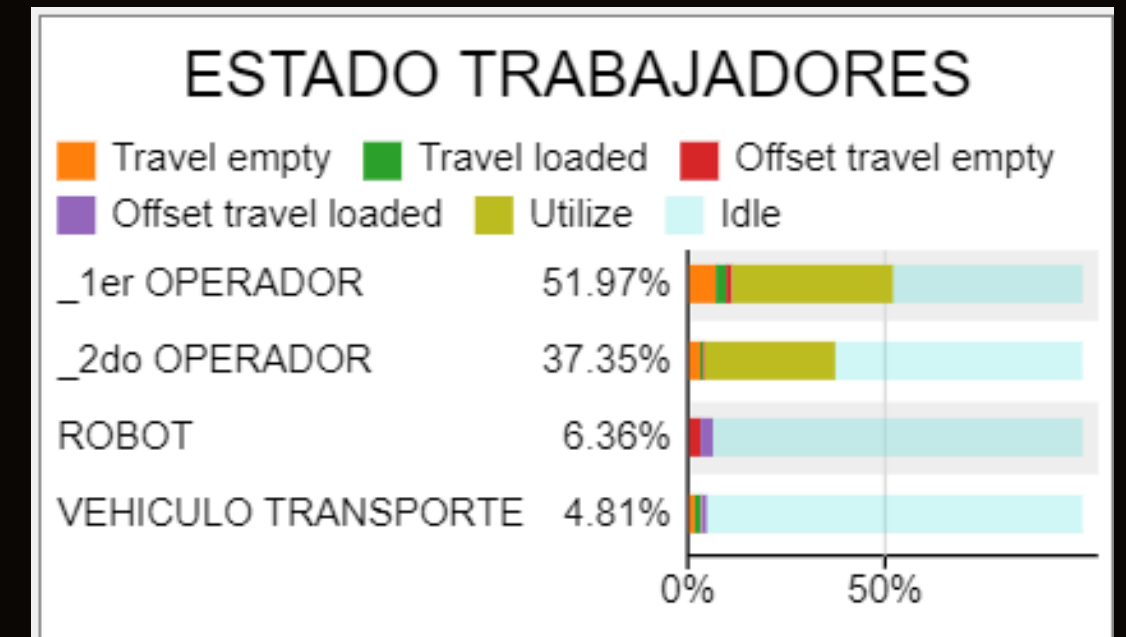

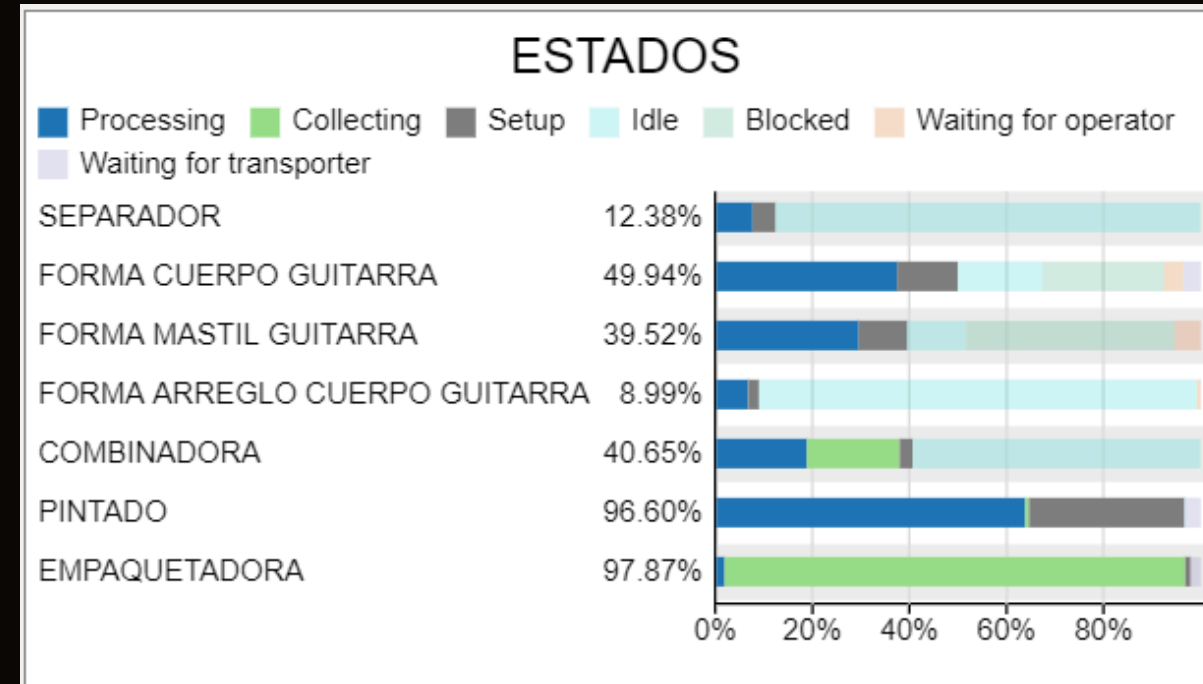

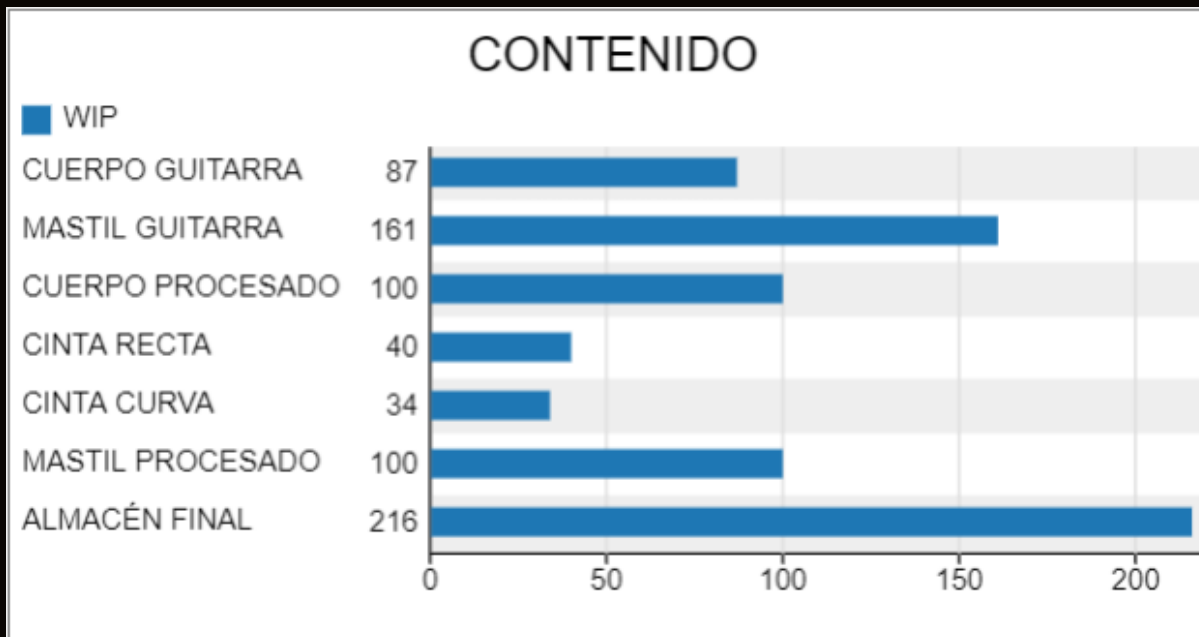

Processor

Max Content: 1 ☐ Animate Items

Setup Time: normal(10, 4, getstream(current)) s ☐ Use Operator(s) 1

Process Time: normal(15, 5, getstream(current)) s ☐ Use Operator(s) 1 ☒ Same as Setup

ANÁLISIS ESTADÍSTICO/VISUAL

CONCLUSIÓN Y POSIBLES MEJORAS

- Cuello de botella en la forma y en el pintado.
- No es necesaria tanta materia prima.
- Sería útil añadir más procesadores de pintado.
- Aprovechar el proceso de las guitarras defectuosas para que cuando este inactivo procese correctas.

¡GRACIAS!
¿ALGUNA PREGUNTA?
